

Kendall™ Hydrogel Breast Feeding Pads

[Soothing comfort
for mothers]

During the early weeks of breast feeding over 90% of mothers may experience some degree of nipple discomfort or trauma.¹ Kendall™ hydrogel breast feeding pads offer soothing relief to help reduce the level of pain and discomfort experienced.^{2,3}

THE BENEFITS ARE CLEAR

- Transparent hydrogel formulation provides cool and effective pain relief^{2,3}
- Distinctive disc shape conforms to the skin for ideal nipple coverage
- High Moisture Vapour Transfer Rate (MVTR) keeps skin healthy and dry
- Superior absorption capability helps prevent leakage onto clothing
- Each pad can be used for up to 7 days

"New outside, same quality inside"
